Chairperson
Trust Oldham

Hi Tracy

I have been reflecting upon the challenging role that I have been given the opportunity to undertake on behalf of Trust Oldham, and I have thought long and hard about the relationship that Oldham Athletic Supporters have with us. I want that relationship to be universally supported by all fans - as naive as that may sound!

From the feedback I have had speaking to fans at the ground and on social media, I believe in the spirit of engendering good faith between the trust and the fans, making my intentions clear.

I will serve two years in this position before considering if I will seek re-election in my position in Trust, and therefore that of the fan-elected representative to the board of the club. This will allow our members to have a clear say in how successful they feel I am being, and also give people with fresh ideas a chance to apply for the position in line with our constitution.

Furthermore, it is my promise to the Trust that I will not undertake ANY position with the football club directly within six months of holding an official position with the Trust. This will help reduce any potential for conflict of interest in the role.

To be clear, this is not a comment on people who have held the position in the past - it is purely a statement of my own intent in serving the Trust in the most open and transparent manner that I can.

Enough of this, we have hard work to do!!

Best Regards

Darren
